Substance Abuse: Understanding its Impact on Children and Families

The LA Children's Trust Fund presents the monthly Coffee and Conversations series focused on the theme Substance Use and Understanding the Impact on Children and Families with our guest speaker Dr. Joy Bracey with CADA Prevention and Recovery Center. Attend this session to learn more information to build a comprehensive understanding of the multifaceted impact of substance use on children and families. Participants will gain insights into the challenges faced by families affected by substance use and learn how to effectively support them. Learn practical tools and interventions to support families dealing with substance abuse, including effective communication techniques, resources for accessing support services, and strategies for building a supportive community network.
