 **KNOW Before
You GO** 

Do You **REALLY** Know Who is watching your Child?

Make sure that you:

 Interview potential sitters

 Ask for their professional references

 Confirm that they do not have any health restrictions that could affect their ability to babysit

 Determine if they received any specialized training including CPR and/or First Aid classes

 Do not be afraid to ask about their background including any arrests and/or convictions

 Listen to your child. Listening carefully is how you can assess their comfortability with the sitter.
