## Preventing Child Sexual Abuse: Strategies and Programs for Education, Awareness, and Intervention

**January  
15, 2025**

**12pm-1pm**

Child sexual abuse is a pervasive issue that requires coordinated efforts in prevention, education, and intervention. Join us for this month's LCTF Coffee and Conversations seminar as we explore evidence-based strategies and programs designed to prevent child sexual abuse. This session will provide parents, educators, social workers, and legal professionals with the tools to recognize early warning signs, understand legal obligations, and implement effective prevention programs. Guest speakers will address education and awareness, prevention strategies, and legal Considerations and understanding mandatory reporting laws, legal responsibilities, and the role of the legal system in both prevention and response efforts.

### Presenters:
